

November 2023

Dear Parents/Carers,

From 2024, students will have the opportunity to learn in our incredible Senior & STEM Learning Centre. Your contributions to the Building Fund have contributed to making this space a 21<sup>st</sup> century learning space for all students. The Building Fund has provided us with the opportunity to fit out of the 12 different classrooms with quality furniture that will support students to achieve their full potential. We thank all parents/carers who contributed to this important fund.

With another innovative year of learning ahead we would like to advise you of our 2024 voluntary contributions.

Government schools provide students with free instruction to fulfil the standard Victorian curriculum. Nevertheless, contributions from families ensures that Fairhills can inspire, empower, support, and include all our students so they can reach their full potential. Every contribution matters.

The Fairhills High School Council has reviewed the voluntary contributions schedule for 2024 (see attachment). It includes a breakdown of specific items and includes learning & wellbeing activities that will be delivered, and materials and equipment required.

To support our planning for 2024, it would be appreciated if you could make your contribution by Friday 2 February 2024. Contributions can however still be made until Term 3 2024. If you would like to spread out your contributions, please take advantage of the instalments set out in the Compass Payment Centre or contact the General Office for further details.

For information on the Department's Parent Payments Policy please see a one-page overview attached.

With your support, we look forward to offering your child the best learning and wellbeing journey we can offer.

Kind regards

# PARENT PAYMENTS POLICY

## ONE PAGE OVERVIEW

### FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) including the VCE Vocational Major and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

### PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

#### Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

#### Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

#### Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

### FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

### SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
